

# WIRE-ART WORKSHOPS

PRIVATE ART CLASSES WITH MASTER BEADERS & WIRE ARTISTS

## ABOUT STREETWIRES

Streetwires is an ideal secure venue for visitors to experience unique Township Craft in the convenience of the Woodstock creative district.

Streetwires recruits unemployed people and through formal training develops them as wire and bead artists. Established in 2000, Streetwires began with the idea that for something as dynamic and imaginative as wire art, there should be a supportive business structure to boost the craft.
